Acknowledgement

I would like to express a deep sense of thanks & gratitude to my project guide **Amit Kaila Sir** for guiding me immensely through the course of the project. He always evinced keep interest in my work. His constructive advice & constant motivation have been responsible for the successfulcompletion of this project.

My sincere thanks go to our principal sir for his co-ordination in extending every possible support for the completion of this project .

I also thanks to my all faculty for their motivation & support. I must thanks to my classmate for their timely help & support for compilation of this project. Last but not list, I would like to thanks all those who had helped directly or indirectly towards the completion of this project.

Thank you
Vachhani Aniket
Mendha Krishna

Preface

We are the student of BCA Sem-5 Parangat College Of Computer Science is affiliated with SaurashtraUniversity, Rajkot. The period of project work is from June 2023 to March 2024.

We have used PHP as front end tool and My SQL as database back-end tool. This application is developed on informative mobile shop. The project development is the acid test of the theoretical knowledge of the student after completing the course. This project development aims bringing the gap between theoretical and practical knowledge.

We are very thankful to our BCA staff who always ready to give us any type of guidance and help about our project we are also thankful to our project guide **Amit Kaila Sir** who had given importance guidance about our project we are also thankful to our family members especially our mom ,dad , and brother who inspired us for our project .
